At home or in the office, the loo is one of those few places where we have space to sit and think. And now you can have your own private lavatory lecturer help you make the most of it. Featuring mind-expanding trivia, extraordinary facts and enlightening stories from history, science, the world of words and much, much more, Learn on the Loo provides the perfect pre-flush entertainment with bite-sized chunks of wisdom that are sure to impress your friends, family and colleagues. So, however long you're usually 'engaged' for, turn those toilet breaks into toilet tutorials and become bog brainy.
