Masudul A. Choudhury : Money in Islam: A Study in Islamic Political Economy (Routledge International Studies in Money and Banking) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Money in Islam: A Study in Islamic Political Economy (Routledge International Studies in Money and

Banking):

This volume takes a unique and challenging look at how money has operated in Islamic society and at how Islamic theoretical frameworks have influenced perceptions of money. The author draws upon historical, data and policy analysis to present a comparative study of monetary theories, including recent treatment of money by Islamic economists. Discussion also covers the nature of joint venture, stock markets, banks and financial intermediaries, price stability and international trade. This work sheds pioneering light in this area, and will be of interest to academics, graduates and researchers internationally.
