Gravin Presman : Negotiation: How to craft agreements that give everyone more before purchasing it in order to gage whether or not it would be worth my time, and all praised Negotiation: How to craft agreements that give everyone more:

0 of 0 people found the following review helpful. Great bookBy DylanThis book is phenomenal. If you need to make deals that develop long term relationships this is a great book to get you in the exact right mindset. In spite of being packed with wisdom it is a quick and easy read. The author really knows his stuff and develops his ideas in an easy to use step-by-step process, with case studies, stories and exercises that make it really easy to go back and find a

particular step that you need to think about again. I can see myself referring to this book over and over again.

'Gavin's insightful teaching should be available to all' Bruce Daisley, VP Europe, Twitter

About the AuthorGavin Presman delivers negotiation and influence training around the world with his company, Inspire. He is a master practitioner of NLP, the European lead trainer for Microsoft's Catalyst program, and the chair of governors at Eden Primary, a free school he helped found. He lives in London.
