Maggie Black : NoNonsense International Development: Illusions and Realities before purchasing it in order to gage whether or not it would be worth my time, and all praised NoNonsense International Development: Illusions and Realities:

"Development" is often misunderstood and can embrace everything from large infrastructure projects to small-scale environmental initiatives. The idea can often mask confusion, contradiction, deceit and corruption. This book is essential reading for anyone wanting to know what development actually is. It covers all the key themes and critically suggests ways to bring the poor and marginalised into the process. Maggie Black has written numerous books including titles for OUP, UNICEF and OXFAM. She has worked as a consultant for a number of NGOs (UNICEF, Anti-Slavery International and WaterAid amongst others) and has written for the Guardian, Economist, and BBC World Service.

'This book reaches and informs a new section of thinking people across the world.' - Medha Patkar, National Alliance of People's Movements, India. 'These short books supply us with clear, well-written and memorable analyses that cut to the chase.' - Susan George, President of the Board, Transnational Institute.
