Anthony Tarantino : Operational Risk Management in Financial Services (Wiley Global Finance Executive Select) before purchasing it in order to gage whether or not it would be worth my time, and all praised Operational Risk Management in Financial Services (Wiley Global Finance Executive Select):

Banking is at the forefront of the effort to quantify and measure operational risk and as such can be role model beyond

the financial services industry. The Basel Committee of the Bank for International Settlements (BIS) has created a new capital accord, known as Basel II. Basel II requires banks to establish an operational risk management (ORM) framework and compute an explicit capital charge for operational risk once it is adopted. This chapter from Governance, Risk, and Compliance Handbook, by Anthony Tarantino, outlines different approaches, tools, and guidance on operational risk management for financial services companies.
