Richard K Vedder, Lowell E. Gallaway : Out of Work: Unemployment and Government in Twentieth-Century America (Independent Institute Book) before purchasing it in order to gage whether or not it would be worth my time, and all praised Out of Work: Unemployment and Government in Twentieth-Century America (Independent Institute Book):

Redefining the way we think about unemployment in America today, *Out of Work* offers devastating evidence that the major cause of high unemployment in the United States is the government itself. An Independent Institute Book

rdquo;A triple hit: an engaging narrative of a century of U.S. economic history . . . an attack on the mythology that high wage rates and government spending reduce unemployment and a critique on wrong-headed public policies since 1930 that have raised unemployment levels.rdquo;-Anna J. Schwartz,National Bureau of Economic Researchrdquo;The most comprehensive book ever to appear on unemployment in the United States.rdquo; -George Gilder,author of *Wealth and Poverty*rdquo;Vedder and Galloway show convincingly that we need once again to rethink our entire notion of unemployment.rdquo; -Jonathan R. T. Hughes,Northwestern Universityrdquo;A book of great interest.rdquo;-Kenneth BouldingFrom the Back Cover*Out of Work* offers devastating evidence that the major cause of unemployment in the United States is the government itself. This updated and expanded edition forces us to redefine the way we think about one of the most explosive issues of our times.About the AuthorRichard K. Vedder is Distinguished Professor of Economics and Faculty Associate at the Contemporary History Institute of Ohio University, and is the author of numerous books and articles.Lowell E. Galloway is Distinguished Professor of Economics at Ohio University and a former staff economist on the Joint Economic Committee of the United States Congress.nbsp;
