**John Iceland : Poverty in America: A Handbook** before purchasing it in order to gage whether or not it would be worth my time, and all praised Poverty in America: A Handbook:

1 of 1 people found the following review helpful. Just like the newer editionBy kelseyMy professor required the newest edition of this book, and I bought this version instead. This version is almost exactly the same because the tests were based on the new edition of the book and I got As on all 3 just from studying from my older version.1 of 1 people found the following review helpful. So in tune with the times it's actually scaryBy Wesley IrvinRead this book before you tell yourself life is fair and everyone has the capacity to become whatever they want. It will show you why even

Bill Gates believes the luck of the draw has much to do with privilege when it comes to succeeding against poverty. BEST of all it maintains the fact that the poor need to struggle to survive. 2 of 3 people found the following review helpful. An excellent overview By M. Butler I enjoyed this book quite a bit, depressing as it was. The author did a great job of presenting the relevant information about poverty in this country. It was well-written, so even though it was a required text for a class I didn't mind reading the entire thing. Buy it if you're interested in the subject matter at all.

In a remarkably concise, readable, and accessible format, John Iceland provides a comprehensive picture of poverty in America. He shows how poverty is measured and understood and how it has changed over time, as well as how public policies have grappled with poverty as a political issue and an economic reality. This edition has been updated and includes a new preface.

"Highly readable. Will very likely become a standard reference for students of poverty." - William Julius Wilson, author of *When Work Disappears* "With succinct and engaging prose, *Poverty in America* covers the gamut - from theoretical issues to measurement to history to public policy - better than any other book out there right now." - Dalton Conley, author of *Honky* "From the Inside Flap Praise for the first edition: "Highly readable. Will very likely become a standard reference for students of poverty."—William Julius Wilson, author of *When Work Disappears* "With succinct and engaging prose, *Poverty in America* covers the gamut—from theoretical issues to measurement to history to public policy—better than any other book out there right now."—Dalton Conley, author of *Honky*
