Brenda Porter, David Hatherly, Jon Simon : Principles of External Auditing before purchasing it in order to gauge whether or not it would be worth my time, and all praised Principles of External Auditing:

0 of 0 people found the following review helpful. easy to understandBy Isabel Cristina SartorelliVery concise, clear language, easy to understand. A very good acquisition!!0 of 0 people found the following review helpful. Principles of External AuditingBy B. KaewphanpurIt can provide good concept of external auditing with concise idea.I think that is good for everyone who want to know about external auditing.Excellence!!

This book provides a comprehensive and exacting introduction to the principles and practice of external auditing. It describes and explains, in non-technical language, the nature of the audit function and the principles of the audit

process. The book covers international auditing and accounting standards and relevant statute and case law. It explains the fundamental concepts of auditing and takes the reader through the various stages of the audit process. It also discusses topical aspects of auditing such as legal liability, audit risk, quality control, and the impact of information technology.
